

An aerial photograph of a multi-lane highway interchange. The highway runs horizontally across the middle of the image. To the left of the highway is a grassy field with some trees. To the right are several buildings, including a large white warehouse-like structure, and parking lots filled with cars and trucks. A road branches off to the right from the main highway. Overlaid on the image are two coordinate systems. The first, labeled 'Cartesian Coordinate System In DataFromSky', is shown in the top left with a black arrow pointing right and another black arrow pointing down. The second, labeled 'Frenet Coordinate System', is shown in the bottom left with a red arrow pointing right and another black arrow pointing down.
